

LOO NEWS

ISSUE 1 – JANUARY 2017

We're delighted to tell you that Llandaff's 50+ Group has been offered use of the toilet block and surrounding land at the top of Llandaff High Street. The council-owned toilets have been closed for several years and this facility has been missed by locals and visitors.

Therefore, supported by the Llandaff Society and community, we intend to reinstate an accessible toilet for the public, along with a tourist information point for visitors to Llandaff.

There will also be space to run daily activities for people aged 50+, as we have been planning for the past eight years, with the added bonus of the proximity to a Grade I listed medieval castle – ideal for gardening, boules matches, social events, fetes and, of course, historic interpretation.

We are looking forward to the council's cabinet approval in February, and then expect an exciting 2017 for our 50+ members and the Llandaff community.
